WHO WE ARE
Since 2005, Edible Canada has been curating the very best of Canadian-made small-batch artisanal food. Consisting of a retail store on Granville Island, satellite stores in White Rock, the Okanagan, and Blackcomb/Whistler, a bistro, and a tour operator focused on culinary experiences, we love sharing a piece of Canada with everyone we meet!

OUR MISSION & VISION
Our vision is to make a national food community which helps define Canadian cuisine and generates a strong sense of food culture. By creating great food experiences for both Canadians and tourists alike through collaboration, celebration, and introduction to our great artisanal food-makers, we are supporting the growth of Canada’s culinary collective; we are creating more opportunities for those who help shape the face of Canadian food.

OUR GIFT BASKETS
We create gift baskets that are filled with food we love! Our vendors are as passionate about their craft and the ingredients that go into their creations as we are of them. We only carry items we’re proud to have. We taste everything before it hits the shelves or gets placed in a basket. Our gift baskets are hand-picked for maximum enjoyment! Whether you are looking to share a piece of Canada, saying thank you, or a gift just because, you’ll find something they’ll savour to the last bite!
